Re: 09/819,033

Dear Sir or Madam,

I have received the Commissioner's Decision Dismissing Petition, mailed May 14, 2001. I wish to have the petition that requests that the CPA request be treated as an application under 37 CFR 1.53 (b) reconsidered.

The decision states that a copy of the complete non-provisional application is required to accept an improper application under 37 CFR 1.53 (d) as a proper application under 37 CFR 1.53 (b). I am enclosing a copy of the complete non-provisional application.

My record of the original specifications is a Microsoft Word file dated January 17, 1999. My record of the original drawing is a Microsoft Word file dated December 1, 1998. I have printed and enclosed paper copies of both these documents for the application under 37 CFR 1.53 (b).

For the prior non-provisional application I filled out two copies by hand of the Application Transmittal Form, Declaration Form, Fee Transmittal Form and Small Entity Form; a draft which I retained and a final. I have filled out a third, identical copy of each form by hand. The copies of the forms are enclosed, each with a notation "Duplicate".

Sincerely,

Richard Booth
